# New Jersey's Mission of Honor for Cremains of American Veterans

# MISSION STATEMENT

The purpose of the New Jersey's Mission of Honor for Remains of American Veterans is to locate, identify and inter their orphaned and abandoned cremains. This will be accomplished through the joint efforts of the Vietnam Veterans of America's NJ State Council and other Veteran Organizations. To provide honor and respect to those who have served this country in time of peace and conflict is our mission and honor.

## OUR OBJECTIVES:

New Jersey's Mission of Honor is a state wide effort to inter the orphaned and abandoned Veteran cremains. We will follow exacting and accepted protocol.

This task will be executed through the combined efforts of members of The New Jersey State Council of the Vietnam Veterans of America and other qualified veteran organizations. Local, state and national laws must be followed in the identification, claiming process and proper interment of the unclaimed remains of orphaned and abandoned veterans. Funeral homes, crematoriums, hospitals, senior homes, veteran homes and prisons will be participating in this project.

The Department of Military And Veterans Affairs will assist in identifying the orphaned and abandoned veteran cremains along with interring the cremains at the General Doyle State Veterans' Cemetery. The Veterans Administration will also be helping to determine the cremain status for Interment.

The New Jersey Mission of Honor will be a long-term project, but not a time sensitive. Our hope is to identify and inter every orphaned and abandoned veteran within New Jersey.

# OUR PROMISE:

We are Vietnam Veterans who have dedicated ourselves to the service of country and State. Our National Motto is:

**"Never Again will One Generation of Veterans Abandon Another"**

We along with other veteran groups will Identify, Honor and Inter unclaimed, abandoned cremated veterans and secure remains of future abandoned or orphaned veterans.

We will assure that all qualified orphaned and abandoned veteran cremains will receive a military burial in our State Cemetery with respect and honor.

We will first do our best to identify and locate any and all cremains of veterans through our members, citizen volunteers and other military organizations.

We, along with our Honor/Color Guard and with the assistance of funeral directors and the motorcycle honor guard deliver the cremains of the veteran for proper burial.

We will make sure that never again will any orphaned and cremated veteran be interred without being given the full honors of a hero!

# MILITARY INTERMENT

The military burial is how our nation shows gratitude and honors the men and women who have faithfully defended our country in time of peace and war. Yet we still have so many veterans that have been forgotten. They can be found on mortuary shelves, hospital storage facilities, crematoriums and potters fields. Their remains are stored in cans or boxes with little or no identification that they are veterans. They are orphaned and abandoned by their family and remain unclaimed, sometimes for many years.

We are requesting that Funeral Directors, Hospitals, Crematoriums and Prison Administrators assist us in identifying their Veteran cremains so we can give them the Military Interment that they deserve.
